

Tribute to the Legendary Scientist, one of the best experts of walnut and other nuts, one of the Founders and Chairman of WANGAI technical board

Dr Jagmohan Singh (11.11.1945 to 25.08. 2024)

Dr. Jagmohan Singh, former Vice Chancellor of Dr YS Parmar University of Horticulture and Forestry, Nauni and served as the Vice Chancellor of CSK HPKV Palampur. Dr Singh breathed his last on 25-08-2024 at his house in Jatoli near Solan.

Dr. Jagmohan Singh, a pioneering scientist and esteemed expert in the field of walnuts and other nuts, has made an indelible mark on agriculture and horticulture. As the Co-founder and Chairman of the WANGAI Technical Board, his visionary leadership and dedication to advancing walnut cultivation have inspired innovation and sustainability in the industry.

Dr. Singh's expertise in walnut research and development, combined with his relentless drive to improve the quality and yield of nuts, has significantly influenced walnut growers across India and beyond. His contributions have spanned decades, with research and practical knowledge that helped farmers adopt better cultivation techniques, disease management, and environmentally conscious practices.

Under his stewardship, WANGAI became a beacon of scientific collaboration, providing technical support to farmers, ensuring high-quality produce, and fostering global recognition for Indian walnuts. Dr. Singh's legacy as an innovator, mentor, and advocate for sustainable agriculture remains a cornerstone of modern walnut farming. His work continues to inspire the next generation of scientists and farmers, ensuring that his impact on the walnut and nut industry will be felt for years to come.

Team WANGAI along with all nut fraternity including growers, scientists, traders and other stake holders extend its tribute to the legendary scientist and great human being.
